Bike-Up 2 etasje sykkelstativ

Bike-Up 2 etasje sykkelstativ

Bike - Up maksimerer lagringsplassen ved å tilby dobbelt så mye kapasitet. 2 etg. stativet, Bike-Up, er designet for optimal utnyttelse av plassen og er produsert av Axelent. Det øverste nivået har en lang, uttrekkbar skinne som fungerer som en rampe, noe som gjør det enklere å plassere sykkelen på plass. Stativet er tilgjengelig i forskjellige størrelser med plass til mellom 4 og 16 sykler. Stativet lar syklene sikres trygt til rammen på begge nivåer, og kan benyttes i 3 forskjellige takhøyder fra 2,4 m til 2,6 m. Stativet er tilgjengelige med enten manuell eller med tillegg av gassfjær. Gassfjær gjør det ekstra lett å parkere i 2 etg. enten du er ung eller gammel. Lang skinne letter også det enklere for parkere i 2 etg. Stativet kommer også med dobbelt(To-sidig) løsning med både manuell og gassfjærløsning. Løsningen kan også leveres med kort skinne, og uten uttrekksskinne på øverste nivå.

Materialer

Leveres i varmgalvanisert stål. Håndtaket er med gummi for sikkert grep.
